When you first launch LXBeams, the license window will appear

(You can also open the license window from the LXBeams menu.)

Enter "IATSE 728 January 2020 " in the "Licensed To" field.

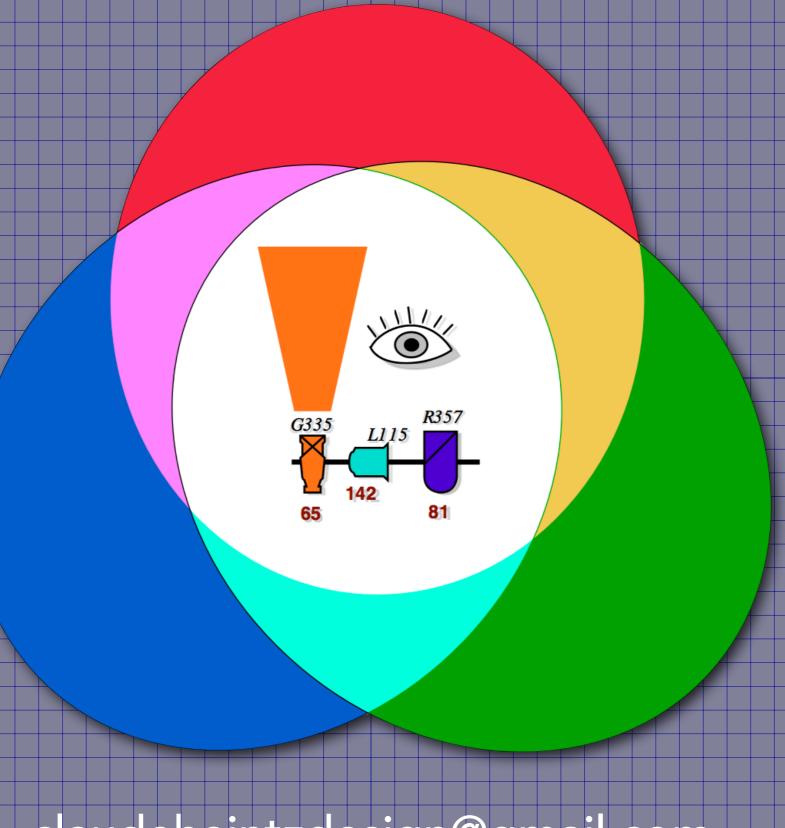

Or, click "Import License" and open the workshop. Exseries pro file.

Opening the license file by double-clicking in the Finder will open an import window.

Click the Import button to use the license.
